HAZARDOUS LOCATION (XP) MOTOR QUESTIONNAIRE

After numerous requests for XP Motors at the Interphex Show in New York, we are again considering production of Division I Hazardous Location Motors. To better serve our customers, we are asking that you provide us with the information on this form. This may be submitted electronically at www.stainlessmotors.com, or by fax to: (505) 867-0225.

Name:

Company:

Contact Information:

Please fill in the following table with your estimated requirements. If you require more than one RPM at a certain horsepower, please include all. If you are looking for European Frequencies or IEC frames, please include this information as well. Our standard line of XP motors will be initially based on customer demand; the more information you provide, the more thorough our standard product line will be. Thanks for your input in our survey.
